

**2014 Studioday Italy** presents :

From **June 21st to July 6th** In Italy **Tuscania (VT)** one hour from Rome.

Sometimes the memory of past experience leads us to repeat them.

Our summer begins near Rome in Tuscania with the feast of the lavender flower: wonderfully photogenic flower typical of this season.

Meetings and walks dedicated to photography in one of the most beautiful places of Lazio in the area of Tuscia .  
The desire to discover the beauty within walking distance from home, brings us once again this year in Tuscania city, a destination outside the official 's and for this even more fascinating and approachable .  
The beauty of a less popular area is totally genuine.

**Marco Ravenna** ([www.marcoravenna.it](http://www.marcoravenna.it)), italian professional photographer and former teacher at ISIA Urbino will lead you through meetings devoted mainly to the landscape and female figure within it.  
Nothing more exciting and interesting than being lead in areas where great directors such as Pier Paolo Pasolini filmed nature, architecture and people of the place, and captured the ancient and primitive essence of this part of Italy.  
The company of a true master photographer, who has over 30 years of experience and is an expert in leading guests interested in travel, will allow you to arrive in these lands and collect their best features.
